Very good response

to Bengaluru-Mysuru e-bus

Mysuru Division gets eight new buses; 24 trips a day

Mysuru, Mar. 23 (RK&BCT)- The Karnataka State Road Transport Corporation's (KSRTC) first intercity electric bus (e-bus) trial between Mysuru and Bengaluru on the Expressway built between the two cities has seen an electric response from the passengers who are using the service with more frequency now.

The overwhelming response has made the KSRTC allot eight brand new electric buses exclusively to the Mysuru Division and the number will be increased further if there is a demand. The eight new buses, procured under Faster Adoption and Manufacturing of Electric Vehicles (FAME) scheme of the Union Government, have already begun its services.

The first bus procured under FAME-II that was being operated from the Bengaluru Division between Bengaluru and Mysuru has been withdrawn as the KSRTC has allotted eight new buses to the Mysuru Division alone.

The KSRTC received a prototype of an electric bus under FAME-II scheme from a Hyderabad-based company and started operation on Jan. 16 between Bengaluru and Mysuru.

These new eight buses have started operations from Mar. 21 and are doing 24 trips per day (12 from Mysuru to Bengaluru and 12 from Bengaluru to Mysuru), officials said.

EDITOR'S BOTTOMLINE

To seek happiness outside ourselves is like trying to lasso a cloud. Happiness is not a thing: It is a state of mind. It must be lived. Neither worldly power nor money-making schemes can ever capture happiness. Mental restlessness results from an outward focus of awareness. Restlessness itself guarantees that happiness will remain elusive. True happiness is never to be found outside the Self. Those who seek it there are as if chasing rainbows among the clouds. Happiness can be secured by the exercise of self-control, by cultivating habits of plain living and high thinking, and by spending less money, even though earning more. Make an effort to earn more so that you can be the means of helping others to help themselves. What is the use of spending all one's time on things that don't last? The drama of life has for its moral the fact that it is merely that: a drama, an illusion.

Fools, imagining the play to be real and lasting, weep through the sad parts, grieve that the happy parts cannot endure, and sorrow that the play must, at last, come to an end. Suffering is the punishment for their spiritual blindness. The wise, however, seeing the drama for the utter delusion it is, seek eternal happiness in the Self within.

Widow seduces husband's killer, hands him to Police

Cordoba: A Colombian woman, who lost her husband at the hands of a local crime boss, spent years planning her revenge, seducing him and gathering evidence to have him arrested for multiple crimes. The unnamed woman was hailed as a hero by Police and journalists in Cordoba, Colombia, after spending years getting close to a cunning criminal and gathering enough evidence to have them prosecuted. But she was no crime fighter, just a grieving widow getting revenge on the man who had had her husband assassinated years before.

The crime boss eventually grew to trust the woman so much that he shared information about his criminal dealings, which she then turned over to the authorities. Police had been suspecting him since 2020, but without enough evidence to convict him, they were powerless to act. With the information provided, authorities were able to build a rock-solid case against him.

The couple said Norbert is an expert at several tricks commonly associated with dogs, including shaking hands and spinning, but the skateboarding gets him the most attention. Control traffic on Bogadi Road, install road divider

Sir,

Bogadi Road from the bridge is an inter-link road connecting city on one side, Vijayanagar and other localities on the other side. A School is also located and hence the road is always busy. After a few accidents, barricades have been erected.

I wrote letters on the need of a Traffic Signal or Traffic Police to man this stretch as it's very difficult to cross the road. I thought at least after erecting barricades, senior citizens like me can cross the road without fear. To my utter dismay, the traffic has become worst. Vehicles don't slow near the barricades also as the riders will be in a tearing hurry. Why they have to go at such a speed? How will the people cross the road?

It's better to install a road divider and allow senior citizens like me to walk fearlessly. Hope, the authorities will do something about the issue. Better if they see for themselves, the traffic density in Bogadi II Stage.

MUDA gives nod for allotment of 275 CA sites

Mysuru, Mar. 23 (RK&DM)- Ending months long uncertainty over allotment of CA (Civic Amenities) sites, the Mysuru Urban Development Authority (MUDA) gave nod for allotment of 275 CA sites at the MUDA meeting held here on Tuesday.

Sharing details of the resolutions passed at the meeting, MUDA Chairman Yashaswi Somashekar said that applications were received from associations and organisations seeking allotment of 55 out of the 169 CA sites for which applications were called recently and for allotment of 220 out of the 350 CA sites earlier.

The MUDA Sub-Committee, after scrutinising the applications, had forwarded them for approval to the Main Committee. After a thorough screening of all the applications received, the MUDA meeting has given nod for allotment of 275 CA sites (220+55), he said adding that the Proceedings Copy will be obtained soon after Ugadi festival following which the allotment process starts without any delay.

Vijayashreepura row

Pointing out that the meeting also discussed Vijayashreepura (located along Hunsur Road) row, Somashekar said that the row has come to an end with the High Court ordering that MUDA has the authority to use its acquired land of the locality for residential purposes.

Noting that 280 houses have already been built in the land, he said that the MUDA will stipulate a fee for issuance of property documents in respect of these built houses, the proposal on which will be submitted to the Government for approval. He further said that 160 vacant sites in Vijayashreepura will be allotted as per rules through auction.

Sites to achievers

Commenting on allotment of category sites to achievers from different fields and National and International awardees, Somashekar said that the concerned departments will be contacted for finding out whether the achievers and awardees own any sites/houses or not, following which the site allocation process for the deserving achievers and awardees will be taken up.

Deputy Commissioner Dr. K.V. Rajendra, MUDA Commissioner G.T. Dinesh Kumar, City Planning Member Sesha, City Police Commissioner B. Ramesh, MCC Commissioner G. Lakshmikantha Reddy, MLAs G.T. Devegowda and L. Nagendra, MLCs Dr. D. Thimmaiah, Marithibbegowda and C.N. Manjegowda, MUDA Members SBM Manju (Corporator), K. Madesh, Lakshmidevi and Naveen Kumar and other officials were present.

RERA Act must for all House Building Co-op. Societies: Joint Secretary

Mysuru, Mar. 23 (PM&BS)- E. Shivarudrappa, Joint Secretary of Karnataka **Real Estate Regulatory Authority (RERA),** has said, 'Following the pending hearing in the High Court, Real Estate (Regulation and Development) Act — RERA Act — is applicable to all the House Building Cooperative Societies in the State.'

Shivarudrappa addressed the gathering during one-day workshop for CEOs of House Building Cooperative Societies in the district on 'The key points of RERA Act applicable for House Building Cooperative Societies', organised jointly by Karnataka State Co-operative Federation LTd., District Cooperative Federation and Cooperation Department, at a private hotel here on Mar. 21.

Claiming that RERA Act is not applicable to us, 22 House Building Cooperative Societies in the State have moved High Court of Karnataka. While the case is still pending in the Court, the Court has not even pronounced interim order. Though final hearing was scheduled on Mar. 20, it has been deferred. Hence, all the House Building Cooperative Societies in the State must follow RERA Act, said Shivarudrappa.

In the year 2017, a total of 22 House Building Cooperative Societies in the State had moved High Court. Likewise, across the country, 25 House Building Cooperative Societies including Real Estate promoters and companies had moved High Court in their respective States, challenging the applicability of RERA Act. Later, Supreme Court amalgamated all the cases and directed Mumbai High Court to conduct the hearing. The Mumbai High Court quashed all the applications, upholding RERA Act. Even if the disputes rose, provision was made to file the case at High Courts of respective States.

Following the provision, 22 House Building Cooperative Societies in the State have continued to argue the case, added Shivarudrappa.

RERA Act was implemented by Central Government in the year 2016, which is applicable to all the States of the country, except Jammu and Kashmir. In addition to this, State Government too has implemented Karnataka Real Estate (Regulation and Development) Act in the year 2017, said Shivarudrappa.

Though real estate activities were happening earlier, it lacked significance, due to less demand. As the population increased, the demand for housing also went up, leading to more profits and cheating. To rein in such illegal activities, RERA Act was implemented, with RERA constituted in all the States. Resource persons delivered lectures on various topics during the workshop.

Director of Karnataka State Co-operative Federation Limited Dr. M. B. Manjegowda inaugurated the workshop.

Retired Officer Jayasimha, Director of District Cooperative Federation Prashanth Tatachari, Bhyrappa, Chief Executive Officer (CEO) M. Vishweshwaraiah, Manager P.S. Harish, Principal of Karnataka Institute of Cooperative Management (KICM) Chandrashekar and CEOs of Housing Building Cooperative Societies participated in the workshop.

'6,000 realty projects registered'

Till date, 6,000 real estate projects in the State have been registered with RERA. Besides, 23 House Building Cooperative Societies have also registered with RERA, with highest among them from Mysuru.

—E. Shivarudrappa, Joint Secretary, RERA

Trimmed poll duration for Karnataka on Guj model?

Calendar of time schedule related to Assembly elections likely to be reduced to 32 days

Bengaluru, Mar.23 (KMS&BS)- Like Gujarat Assembly elections held in 2022, when the normal 45-day election calendar was reduced to 32 days, Karnataka that is set to go for elections soon may witness a trimmed calendar.

This news is in circulation as the tenure of 15th Legislative Assembly of Karnataka ends on May 26 and as per the norms, the new Government should be in place within the expiry of the tenure. Keeping this in view, the Election Commission of India prepares the calendar of events related to elections.

The Election Commission of India had been preparing to announce the calendar of events on Mar.27 and complete the election process by mid of May. In this backdrop, Chief Minister Basavaraj Bommai and his Cabinet colleagues had cancelled their official programmes.

Due to security reasons, the Election Commission of India was mulling over slashing the period of calendar to 35 - 38 days against the general schedule of 45 days before elections. However, rumours are agog that the announcement of schedule may be deferred further for a few more days, at least till the State tours of Prime Minister Narendra Modi on Mar.25 and Apr.3 are over. It is only after that the election schedule may be announced, believe the political parties.

Meanwhile, the Chief Minister's Office (CMO) has instructed various departments to take steps to implement programmes for three more days.

The Congress, BJP and JD(S) have planned mammoth conventions, with PM Modi coming on one-day tour on Mar.25.

Union Home Minister Amit Shah has also planned State tour on Mar.26, during which he will be participating in Government programmes and public meets at Bidar and Bengaluru.

JD(S) has organised the valedictory of its Pancharatna Yatra at Yeligarahundi, near Uttanahalli on Outer Ring Road of Mysuru on Mar.26.

Congress list soon: DKS

KPCC President D.K. Shivakumar has said that the first list of candidates of Congress party will be announced soon. He told reporters that the selection of candidates for 120 to 140 Assembly Constituencies have been finalised and the High Command in New Delhi will release the list soon. Candidates will be selected for other Constituencies after the poll schedule is announced.

President presents *Padma Vibhushan* to S.M. Krishna, *Padma Shri* to S. Subbaraman of Mysuru

President Droupadi Murmu presenting** Padma Vibhushan **award to former CM S.M. Krishna at Rashtrapati Bhavan yesterday.

Mysuru, Mar. 23 (BCT)- President of India Droupadi Murmu conferred the Padma Awards for this year at a Civil Investiture Ceremony held at Rashtrapati Bhavan in New Delhi last evening. Of the 106 Padma Awards that were announced, six are *Padma Vibhushan,* nine are *Padma Bhushan* and 91 are *Padma Shri.*

Former Chief Minister S.M. Krishna, who was nominated for the second highest civilian award *Padma Vibhushan* and Mysuru-based archaeologist S. Subbaraman, who was nominated for *Padma Shri,* were among the awardees who received the awards yesterday.

Acclaimed Mysuru-based writer Dr. S.L. Bhyrappa, who was also selected for the coveted *Padma Bhushan,* will receive his award on Apr. 5.

Padma Awards — one of the highest civilian awards of the country — are conferred in three categories, namely, *Padma Vibhushan, Padma Bhushan* and *Padma Shri,* for excellence in various disciplines and fields of activities such as art, social work, public affairs, science and engineering, trade and industry, medicine, literature and education, sports, civil service, etc.

S.M. Krishna received the *Padma Vibhushan* for his contribution in the field of Public Affairs. Krishna has served in various positions including as the Chief Minister of Karnataka, Deputy Chief Minister, External Affairs Minister, Governor and Speaker of the Legislative Assembly.

The 91-year-old Krishna recently announced his retirement from active politics.

A post in the official Twitter handle of the President of India read, *"President Droupadi Murmu presents Padma Vibhushan to S.M. Krishna for Public Affairs. He is a former External Affairs Minister and former Chief Minister of Karnataka known for his statesman-like vision and administrative acumen during a career spanning more than six decades."*

"Attended the Civil Investiture Ceremony at Rashtrapati Bhavan where the Padma Awards were given. It is inspiring to be in the midst of outstanding achievers who have distinguished themselves in different fields and contributed to national progress," Prime Minister Narendra Modi tweeted.

The *Padma Vibhushan* is awarded for exceptional and distinguished service; the *Padma Bhushan* for distinguished service of high order; and the *Padma Shri* for distinguished service in any field.

The Narendra Modi government has been honouring many unsung heroes who have been contributing to society in different ways with Padma awards since 2014 when it came to power for the first time.

Archaeological Chemist S. Subbaraman receiving** Padma Shri **from President Droupadi Murmu in New Delhi last evening.

'My Padma Shri moment was glorious, memorable'

Sharing his experiences of receiving the *Padma Shri* with *Star of Mysore,* well-known Archaeological Chemist S. Subbaraman said that it was a moment of pride for him.

Speaking over the phone from New Delhi this morning, the 93-year-old Subbaraman said, "I retired as the Superintending Archaeological Chemist, Archaeological Survey of India (ASI). First of all, the Government has recognised my work and I am elated and indebted. It was a moment of glory to receive *Padma Shri* from President Droupadi Murmu in the presence of Prime Minister Narendra Modi, Home Minister Amit Shah and many dignitaries and fellow awardees."

A post in the official Twitter handle of the President of India read, *"President Droupadi Murmu presents Padma Shri to S. Subbaraman for Archaeology. A veteran archaeologist of the ASI, he has led conservation projects at Ajanta Murals, Buddha statues in Bamiyan, Brihadeeswara Temple and Churches of old Goa."*

"It was a glittering ceremony and was unforgettable. I came to New Delhi on Mar. 21 and was accompanied by my granddaughter Sindhu. My son Ramkumar Subbaraman, who works as the Electronics Systems Engineer at NASA Ames Research Centre in the USA, flew down to New Delhi just to attend this ceremony. Both were seated inside the Rashtrapati Bhavan when I received the *Padma Shri,"* Subbaraman said.

Subbaraman's works involved the conservation of murals and paintings at Ajanta Caves in Maharashtra, Angkor Wat Temple Complex in Cambodia, Chola and Nayaka era paintings at Brihadeeswara Temple in Tanjore, Tamil Nadu and Buddhas of Bamiyan (the two big statues in Afghanistan).

Rahul Gandhi convicted

(Continued from page 1)

The complainant claimed that the controversial remark defamed the entire Modi community.

As per the Representation of the People Act, a person sentenced to imprisonment of two years or more shall be disqualified 'from the date of such conviction' and remain disqualified for another six years after serving time.

Rahul Gandhi had last appeared before the Surat Court in the case, filed under Indian Penal Code (IPC) Sections 499 and 500 (dealing with defamation), in October 2021 to record his statement. The maximum possible punishment under this section is two years. Before that, the Congress MP had appeared in the Court to plead not guilty to charges levelled against him.

The final arguments resumed in the case last month after the Gujarat High Court vacated its stay on the proceedings imposed on plea by the complainant, demanding Gandhi's personal appearance.

Reacting to the news, Purnesh Modi, the former Gujarat Minister, said he welcomed the judgement.

In his first comment after the verdict, Rahul Gandhi quoted Mahatma Gandhi, tweeting in Hindi, "My religion is based on truth and non-violence. Truth is my God, non-violence the means to get it."

His sister and Congress leader, Priyanka Gandhi Vadra, tweeted: "Scared rulers are pulling out all stops to suppress the voice of Rahul Gandhi. My brother has never been afraid, nor will he ever be. He will continue to speak the truth. Will continue to raise the voice of the people of the country. The power of truth and the love of crores of countrymen are with him."

Very good response to Bengaluru-Mysuru e-bus

E-bus being charged at the charging station near the departure section of Mysuru-Bengaluru buses at KSRTC Suburban Bus Stand on Mother Teresa Road (formerly Bangalore-Nilgiri Road) in the city this morning. Picture right shows City Police creating awareness among passengers, on the safety of luggages with valuables, while travelling in the bus.

(Continued from page 1)

"The bus service operates every hour from 6 am to 3 pm and from 4 pm to 6 pm. We have 80 percent occupancy in each bus and it offers comfortable seats and a soundless cruise. A passenger has to pay Rs. 320 from Mysuru to Satellite Bus Stand in Bengaluru and it will be Rs. 340 to the Kempegowda Bus Station (Majestic)," officers said.

There are two charging points at the Mysuru Suburban Bus Stand and apart from one charging point that was established earlier, one more charging point has been shifted here from the KSRTC workshop. Two buses can charge at a time and proceed, they added.

Passenger-friendly initiative

As a passenger-friendly initiative, the City Police have started a campaign inside the buses to alert passengers about thieves who operate in the buses by stealing gadgets and phones. Before a bus starts to Bengaluru, Cops enter the bus to make a public announcement asking the passengers to watch out for their phones and laptops and other expensive gadgets.

Announcements are made for the passengers to keep a watch on their luggage inside the bus cabinets and also the expensive gadgets they are carrying while travelling and while alighting the vehicle. The KSRTC has chosen its electric bus name as 'EV-Power Plus' with a tagline 'e-Xperience e-levated'.

More buses on other routes soon

The KSRTC will operate 25 electric buses from Bengaluru to Madikeri, Virajpet, Davanagere, Shivamogga and Chikkamagaluru. The overwhelming response to the Bengaluru-Mysuru e-bus prompted KSRTC to launch the operations.

KSRTC Managing Director Anbu Kumar said that after the success of the Bengaluru-Mysuru route, the Corporation is expanding operations on five inter-district routes too. By April, the KSRTC will have totally 50 e-buses in operation.

Charging infrastructure has been set up at Bengaluru, Mysuru, Madikeri, Virajpet, Davanagere, Shivamogga and Chikkamagaluru, and the buses are expected to run 300km on a single charge. On the ticket price, he said fares will be higher than ordinary bus fares, but less than the premium Airavata buses.

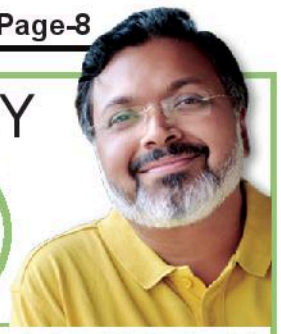
DECODING MYTHOLOGY



Dr. Devdutt Pattanaik - Author, Speaker, Illustrator, Mythologist

Oxus between Harappans and Aryans

No conversation about Harappans and Aryans is now complete without discussing the Oxus civilisation. Cities of the Oxus civilisation, in what is now Turkmenistan, Uzbekistan, Tajikistan, traded with cities of the Harappan civilisation to their south, until Harappan cities ceased to exist by 1900 BCE. They also had close ties with pastoralists in the north, in what is now South Russia and Kazakhstan, who had successfully domesticated horses and harnessed them to chariots around 2000 BCE. These horse-domesticating Steppe herdsmen eventually moved south, lived in Oxus basin for a few generations, and eventually split into two groups, the Vedic Indians and the Avestan Iranians, collectively known as the Arya! But we know next to nothing about Oxus civilisation as it was discovered only in the 1970s by Russians and the papers were translated and published fully only in the past 20 years.

Oxus civilisation thrived around the Oxus river that drains into the Aral sea. It is known to archaeologists as BMAC or Bactria Margiana Archaeological Complex. It was critical to the Bronze Age Trading Network, because it was the primary source of tin, a metal that turned copper into bronze. Located on the western side of the Hindu Kush mountains, it thrived between 2200 BCE and 1700 BCE. In the first half of its civilisation, the Oxus cities traded with Harappan cities on the eastern side of Hindu Kush. Then, they traded with Eurasian Steppe horsemen who came to their cities via the Inner Asian Mountain Corridor. At Oxus, these horsemen learnt about Soma (Ephedra) that grew on mountains, about fire-rituals, words for bricks, seeds and agriculture, and thus, became the Arya, or noble people. This is why this civilisation is important to understanding Indian pre-history.

Like the Harappans, Oxus had pre-planned rectangular grid cities. But unlike Harappa, these cities show heavy fortifications (three walls with watch towers), a clear power centre like palace-temple complex and extensive burials of elite, middle class and slaves with grave goods. They did not use seals like the Harappans nor cuneiform script like the Mesopotamians, though they traded with both. They did not know the horse, just like the Harappans. They clearly exported tin, and may have imported cotton and sesame oil from Harappans.

Climate change destroyed the Bronze Age trading network and made the Steppe pastoralists move southwards. Their horse was in great demand everywhere — in Egypt, in Syria, in Mesopotamia, in Iran and in India. Horse domestication is what makes the Steppe pastoralists famous. It enabled the spread of these war-like patriarchal people. However, this was not a Mongol-like invasion as was once assumed. The engagement happened slowly over generations involving some trading, some raiding and lots of marriage.

The Steppe Horsemen originally lived north of the Caspian Sea around 3000 BCE. They were not Aryans then. The horse was not ridden then. They bred horses for meat, milk and hide. A thousand years later in 2000 BCE, by the time they moved to the Ural river basin in Southern Russia east of the Ural mountains, they had domesticated the horse. By 1700 BCE, they were interacting with Oxus and had become Arya. Then they split. Men who loved the violent Indra and other gods moved to India, married local women, and composed the Veda. Men who preferred the wise Ahura, and chose monotheism stayed back and eventually migrated to Iran where they composed the Avesta. If your friends passionately talk about Vedic Aryans but are clueless about Oxus civilisation, you should know their knowledge is incomplete.

Seer urges enhancement of reservation for Vokkaliga community

Mysuru, Mar. 23 (RK&DM)- Sphatikapuri Mahasamsthana Mutt Seer Sri Nanjavadhoota Swamiji has urged Vokkaliga community leaders in all political parties to take up the cause of enhancement of reservation for the community which is currently under distress.

He was speaking at the programme organised for the inauguration of District Unit of Akhila Karnataka Vokkaligara Sangha, installation of office-bearers, issuance of nomination letters, conferment of 'Dr. Balagangadharnatha Swamy Seva Ratna' award and presentation of Pratibha Puraskar at Negilayogi Seva Sabha Bhavan near Malalavadi Court Complex in Jayanagar here on Sunday.

Maintaining that there were many poor and deprived sections in Vokkaliga community which has a sizeable population in the State, the Swamiji wanted the political parties to announce their stand on hiking reservation for the community.

Demanding 16 percent reservation for the community, the Seer urged Mysuru-Kodagu MP Pratap Simha, MLA L. Nagendra, MLC C.N. Manjegowda and Congress leader K. Harish Gowda to exert pressure on their respective parties in this regard.

MP Pratap Simha, in his address, said it is a matter of pride that Nadaprabhu Kempegowda built Bengaluru, which is now the State capital.

Pointing out that Bengaluru accounts for 60 percent of the revenues earned by the State Government, Simha said that a magnificent statue of Kempegowda has come up near Bengaluru Airport. He also recounted the services of former CM S.M. Krishna and former PM H.D. Deve Gowda for the State.

Karnataka Vokkaligara Sangha Hon. President Dr. Anjanappa, Mysuru District Journalists Association President S.T. Ravikumar (RK), Devaraja ACP Shantamallappa, MMC&RI faculty Dr. B.N. WORD OF THE DAY

Ingratiate

Pronunciation: in-GRAY-shee-ayt.
Meaning: Ingratiate means "to gain favor or acceptance by deliberate effort." It is usually used with with, and is often (though not always) used disapprovingly.
Origin: When you ingratiate yourself, you put yourself in someone's good graces in order to gain their approval or favor. While the word ingratiate does not necessarily imply that your behavior is obsequious or otherwise improper, the word may be used disapprovingly by those who distrust your motives. The word entered English in the early 1600s from the combining of the Latin noun gratia, meaning "grace" or "favor," with the English prefix in-. Gratia comes from the adjective gratus, meaning "pleasing, grateful." Gratus has, over the centuries, ingratiated itself well with the English language as the ancestor of a whole host of words including gratuitous, congratulate, and grace.
Example: "Harley Quinn is ... fast, hilarious, and out of control, yet surprisingly thoughtful. The show's self-awareness of the DC universe is all-encompassing, and it uses the soul of its characters, the breadth of its history, and its recognizable animated aesthetic to ingratiate itself with its fan base without ever appearing subservient to them." — Matt Schimkowitz

THE ODD WORD

Ichthyography

Writing or description of fishes.

PHRASE OF THE DAY

I have not slept one wink

Meaning: I have not slept at all.
Origin: The notion of getting not even a single moment's sleep has been in the language since the 14th century. Robert Manning of Brunne, in his work Handlyng synne, 1303, records the phrase in Middle English:
"Ne mete ete, ne drank drynke, Ne slepte onely a-lepy wynke."
In language that is a little more accessible to most readers in the 21st century we have Shakespeare's use of the idea in Cymbeline, 1611:
PISANIO: O gracious lady,
Since I received command to do this business
I have not slept one wink.

QUOTE BOX

Happiness is waking up, looking at the clock and finding that you still have two hours left to sleep. **—Charles M. Schulz**
